ABOUT ME

A front-end developer and graphic designer who specializes in creating visually engaging, user-friendly digital experiences. I combine strong technical skills with creative design to build responsive interfaces that deliver both functionality and aesthetic appeal.

I enjoy learning new skills and implementing them in real life!

EDUCATION

Bachelor of Technology, D. Y. Patil International University   2019 - 2023
Computer Science and Engineering

SKILLS

Technical Skills	Python,HTML, CSS, JavaScript, ReactJs, NodeJs, jQuery, Expressjs, Solidity
Other Skills	Graphics Design, Illustration, Figma, Adobe Illustrator

EXPERIENCE

Intern   Feb 2023 - Aug 2023
Wajooba LLC.   *Remote, Pune.*

- Developed and helped testing of Solidity smart contracts for blockchain applications.
- Conducted comprehensive testing and debugging of smart contracts to ensure functionality.
- Designed wireframes and built high-fidelity prototypes for a web application.
- Implemented the front-end interface using modern web technologies for seamless user experience.
- Authored clear and concise project documentation to support future development.

Intern   Jun 2021 - Aug 2021
In-house Internship DYPIU   *Remote, Pune*

- Automated home appliances and lighting systems using IoT technology for smart home solutions.
- Developed an Android app using Blynk libraries for remote control of appliances.
- Integrated ESP32 microprocessor with various hardware components to achieve automation.

Co-leader — Outreach & Media Team   Aug 2020 - Mar 2021
Codechef DYPIU   *Remote*
